

TIG-MATE MAGNETIC TORCH HOLDER

PRECISION DESERVES A SAFE PLACE TO REST.

Dimensions: 7" H; Magnetic Base: 3"

A Secure Home for Your TIG Torch

The TIG-Mate provides a secure, magnetic resting point for your TIG torch, keeping delicate equipment protected between welds. Its durable, heat-resistant cradle design fits a wide range of TIG torch styles, preventing drops, damage and contamination while reducing workspace clutter. Quick to mount and easy to maintain, it delivers reliable, consistent access that helps boost efficiency and extend the life of your equipment.

FEATURES

- **Heat-resistant cradle** protects delicate TIG torches from drops and damage
- **Universal fit** for a wide range of torch styles and sizes
- **Reduces clutter** by keeping the torch off work surfaces
- **Compact magnetic base** - easy to mount, quick to access. Weighs only 2 lbs!
- **Low-maintenance design** - built for reliable, long-term use

BENEFITS OF THE TIG-MATE TORCH HOLDER

- **Protects precision equipment** - secure cradle prevents drops, damage, and contamination of delicate TIG torches
- **Improves workplace safety** - keeps the torch off surfaces, reducing clutter and hazards
- **Boosts efficiency** - quick, consistent access speeds up workflow between welds
- **Reduces downtime** - less time lost to repairs or replacing damaged equipment
- **Extends equipment life** - proper storage helps torches last longer
- **Low-cost, high-value investment** - an inexpensive addition that protects a much more valuable tool
