

Powerstik Pro Elite Series Handheld Magnetic Sweeper

Maximum magnetic power possible in a compact, lightweight package

All Weather Construction

- Built with heavy-duty anodized aluminum that requires no maintenance
- A 1" square, one-piece tube design ensures structural durability
- Outfitted with a durable 4-position quick clean-off sleeve featuring protective wear bars

Debris Release

- Cleans off easily over a trash bin via a push-button release mechanism
- Unique "Hook" geometry gets in, around, and behind tight spaces
- Slim profile includes an integrated loop on the armrest for hanging storage

One-Handed Operation

- Weighing a mere 4.3 lbs, the unit can be effortlessly operated with one hand all day long
- Features an adjustable armrest to accommodate different user heights.
